

Unforgettable days at Elite Havens Villa Torcello

Posted May 23, 2017 By Anna Mavridis

During our Thailand vacation in April we had the pleasure to stay a few nights in the totally amazing Villa Torcello in Phuket. Elite Haven is a luxury villa rental company that offers the most spectacular villas with the best locations all over the world. Perfect if you want that little extra that not even a 5 star resort can offer. We just loved everything about the place and the time we had here still feels a bit like a dream.

The staff at Villa Torcello really made us feel special, always at our service but at the same time they gave us a lot of privacy. The Villa manager Peat was one of a kind!

The Villa has 5 bedrooms and an amazing garden full of flowers, it is a perfect spot for a wedding or other kind of celebration! All the rooms and spaces were very beautiful and spacious. But the most fantastic thing was the pool and the garden. The pool was simply perfection!

The tropical surroundings and the sea view from the villa is out of this world!

Behind me is the nice kitchen. The villa has a private chef who is available for you to cook breakfast, lunch and dinner and you can choose from Thai or western food.

Outdoor bath.

The perfect breakfast spot!

Fresh fruits everyday and finally a place that make a proper Freddo Cappuccino.

It was unforgettable days and fingers crossed we will come back again!

Together with the all the staff from Villa Torcello, they made our visit very special!
