Private Indulgence in the Heart of Seminyak

at THE BAGANDING VILLA

Surrounding the villa is a peaceful lush tropical garden, a 12-metre swimming pool complete with a shallow end for the children, water fountains, a sun deck and loungers and deep well-furnished verandas that lead into airy rooms. Indoors, guests will find air-conditioned living spaces furnished with large soft-cushioned sofas paired with a tasteful collection of artwork and antiques collected over the years. The four large bedrooms are spacious, stylishly decorated and lavishly furnished, each with its own adjoining exotic ensuite bathroom.

The Baganding Villa's team of welcoming staff are professionally trained and include a manager, housemaids, security guard and a personal chef who prepares a wide variety of delicious meals.

For a more laid back break, you could simply relax in the tranquility of the villa and perhaps arrange an in-villa spa treatment. You can enjoy dinner in the modern dining room with seating for eight. Savour the tastes of freshly cooked Asian and Western cuisine prepared for you by your personal chef. Then, as evening draws in, head upstairs to the

rooftop bar to enjoy a magnificent sunset with a cocktail prepared for you by the staff. As your night comes to a close, sink into your plush mattress and slip away into a peaceful sleep.
